

## Losing Cadence

When Cadence Weaverly graduates from high school, she thinks its for the best that she and her boyfriend, Richard White, take separate paths: she to Julliard and he back to Harvard. Ten years later, she has an ideal job and a wonderful fiance, Christian. She is building the life of her dreams-until the day Richard resurfaces out of the blue, abducts her from her San Francisco apartment, and returns her to his mansion where he holds her captive. Cadence can hardly believe her ears when Richard professes his undying love and reveals his plans to build a life together. Terrified to fight back for fear he will have Christian murdered, Cadence must determine how to reason with a mentally unstable man who is obsessed with making her his forever.
