

The Mrs. and The Mistress

Mid-stream in his sexually unsatisfied marriage, Mark Cunningham decides to venture out of wedlock and find someone to fulfill his fantasies with. After pursuing Angie DiCarlo, a vivacious divorced woman at the office, he begins a torrid love affair. He cleverly manipulates his Mrs. and his Mistress and lives a double life until one careless mistake turns his perfect dream world into his worst nightmare. Unsuspectingly, his wife uncovers evidence of her husband's infidelity, his master plan goes haywire, all hell breaks loose and his dirty little secret gets exposed. He admits to his infidelity but continues to weave even more webs in an attempt to untangle the mess he created of his life and, ultimately, hurts everyone in the process. The story climaxes when Mark's wife finds and befriends his lover and they compare stories of the man who fooled and victimized them for his benefit and self-pleasure. Not in his wildest dreams would he have ever imagined that the Mrs. and the Mistress would connect and form a bond stronger than any other.
