

## The Money Tree

TOM AND HUCK TAKE ON THE SOPRANOS! A PAGE-TURNING FIRST NOVEL FROM AN AWARD-WINNING TRAVEL WRITER! Set in the wilds of Western North Carolina near historic Cold Mountain the story turns on two teen brothers chance discovery of a drug dealers money drop in the knothole of a tree. The impoverished boys enjoy the fruit of the money tree until they are caught in flagrante by the mafiosi whose money it is. (At the same time, they witness the murder of a pot farmer wrongly thought by the dealers of being the one whos robbing them.) The boys narrowly escape, setting off a wild, downriver chase through the trackless Green River Wilderness a chase that pits unarmed country boys and armed-to-the-teeth city men in a guerrilla war to the death.
