

Yellowstone Kelly: Gentleman and Scout (The Yellowstone Kelly Novels)

The beginning of the legend of Yellowstone Kelly, one of the Old Wests most outsized personalities. Luther Yellowstone Kelly had one of the longest, strangest, and most breathtaking careers in the Old West. The intrepid scouts talent for being in the right place at an exciting time would take him all over the world, from the Great Plains to Africa to the Philippines. Throughout his adventures, Kelly maintained a stoic outlook, a fierce wit, and a talent for survival that got him out of more than a few dangerous scrapes. Yellowstone Kelly: Gentleman and Scout, the first novel in Peter Bowens fast-paced series, finds Kelly hunting wolves with the Nez Perce while trying actively to avoid contact with just about everyone else. This plan quickly falls apart, and Kelly is hired by a group of Englishmen who need a guide for a buffalo hunt. Kelly soon finds himself swept further from home than he ever has been before, going from the Indian Wars to the Zulu Wars.
