

## Sunk

Kat McGovern has daddy issues. Her father died before she was born, but his death defined much of her life. Her father, Grayson Caspar, was a famous leading man of his day (think Tom Cruise famous), and was one of the original followers of L. Ron Hubbard (so, yes, really think of Tom Cruise). His yacht's disappearance off the Moroccan coast as he sailed with the Scientology fleet in the 1970s caused a public sensation. Kat grew up behind the walls of her mother's Hollywood estate, protected from the prying, curious eyes of the press. As an adult, Kat creates a quiet, anonymous life as a vintage clothing shopkeeper in New Hope, Pennsylvania. Until the wreck of her father's ship is discovered, and then not only do Grayson's secrets rise to the surface, so do Kat's.
